

## HOW TO CROSS THE ROAD SAFELY

Hold your child's hand in and around traffic until they are **at least 10 years** old. Children can be easily distracted and forget to look for cars.

The majority of families live within 2kms of school. The map over the page gives an indication of walking times to and from, to help you plan your next school trip.

## THERE ARE HEALTH, ECONOMIC, ENVIRONMENTAL, SOCIAL, COMMUNITY AND SAFETY BENEFITS

### Walking and cycling to school:

- ▶ reduces air and noise pollution
- ▶ provides children with regular exercise, improved concentration and the opportunity to mix socially with their peers and neighbours
- ▶ is an excellent way for kids and parents to spend time together
- ▶ creates a natural surveillance, creating a safer community
- ▶ significantly reduces congestion and traffic around schools, making it safer for all children
- ▶ gives carers the opportunity to reinforce safe pedestrian behaviour especially road-crossing skills by using commentary walking
- ▶ instils regular walking habits at an early age
- ▶ allows children to gain a sense of independence
