17/9/2010	298	39 Chilton Parade, Warrawee – Application rejected Council resolved: That DA0532/12 be refused for the following reasons: 1. The proposed development is inconsistent with the Statement of Significance for the HCA. The subject site is a contributory item, especially noted for its park like treed setting. The character of the HCA would be adversely impacted by the proposed development. 2. The proposed development would result in the removal of trees which have cultural or historic significance that should be retained for their landscape conservation significance and contribution to the significance and integrity of the HCA. 3. The site of the proposed development formed part of the original curtilage of Berith Park (19 Billyard Avenue, Wahroonga). The proposal would have an adverse impact on the heritage significance on views to and from Berith Park. 4. The impact of the demolition of a contributory item within the HCA which has not been adequately assessed for its heritage or architectural significance. 5. Inadequate analysis has been undertaken of the heritage impacts that the proposed development would generate on the HCA and on surrounding heritage items. 6. The proposed development is inconsistent with DCP 38's objective to retain the natural, built and cultural significance of heritage items and conservation areas in Ku-ring-gai. The proposed development does not positively contribute to the historic context but devalues it. 7. The proposed development would have adverse impact on the critically endangered ecological community (flora and fauna) on the site.
