

Attachment 1: Net Zero Communities Strategy - management actions and funding

GRID DECARBONISATION

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
The NSW electricity grid decarbonises through a transition to 100% renewable energy	-	Proactively respond to and engage in advocacy with the State and/or Commonwealth governments regarding green energy policies that can provide investment certainty, lower more renewable energy and reduce energy costs to the community	Advocacy	Submissions to NSW and federal governments, as required Year 1 funding N/A	Submissions to NSW and federal governments, as required Year 2 funding N/A	Submissions to NSW and federal governments, as required Year 3 funding N/A	Submissions to NSW and federal governments, as required Year 4 funding N/A	Submissions to NSW and federal governments, as required Year 5 funding N/A	N/A

BUYING GREEN ENERGY

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
-	-	Engage with renewable energy buyers' organisations to keep abreast of latest developments and emerging opportunities for large and small energy users to access affordable, green energy	Strategy	Membership of Business Renewables Centre - Australia (BRC - A) and other relevant organisations, as required Year 1 funding N/A	Membership of Business Renewables Centre - Australia (BRC - A) and other relevant organisations, as required Year 2 funding N/A	Membership of Business Renewables Centre - Australia (BRC - A) and other relevant organisations, as required Year 3 funding N/A	Membership of Business Renewables Centre - Australia (BRC - A) and other relevant organisations, as required Year 4 funding N/A	Membership of Business Renewables Centre - Australia (BRC - A) and other relevant organisations, as required Year 5 funding N/A	N/A
-	-	Proactively respond to and engage in advocacy with the State and/or Commonwealth governments and regulators regarding green energy policies and regulatory changes that make renewable energy more accessible to the community, including via energy sharing and supporting community-based green energy retailers	Advocacy	Submissions to NSW and federal governments, and regulators, as required Year 1 funding N/A	Submissions to NSW and federal governments, and regulators, as required Year 2 funding N/A	Submissions to NSW and federal governments, and regulators, as required Year 3 funding N/A	Submissions to NSW and federal governments, and regulators, as required Year 4 funding N/A	Submissions to NSW and federal governments, and regulators, as required Year 5 funding N/A	N/A
100% of large energy users in the Ku-ring-gai LGA have transitioned to 100% renewable energy	-	Case studies of successful PPA uptake are readily available for large energy users in the Ku-ring-gai LGA and a facilitative support role by Council is established, if feasible	Education / training / workshops Strategy Collaboration	Provide educational workshops and resources to large energy users on the role and procurement of PPAs Year 1 funding 6,000	Investigate what facilitative role Ku-ring-gai Council could play to support the uptake of PPAs for large energy users in the Ku-ring-gai LGA Year 2 funding 10,000	Provide a facilitative role to support the uptake of PPAs for large energy users in the Ku-ring-gai LGA, if feasible Year 3 funding Funding will depend on feasibility and Council's facilitative role	Provide a facilitative role to support the uptake of PPAs for large energy users in the Ku-ring-gai LGA, if feasible Year 4 funding Funding will depend on feasibility and Council's facilitative role	Provide a facilitative role to support the uptake of PPAs for large energy users in the Ku-ring-gai LGA, if feasible Year 5 funding Funding will depend on feasibility and Council's facilitative role	16,000

LOCAL (RENEWABLE) ENERGY GENERATION

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
-	-	Deliver a flagship community renewables project	Infrastructure / services Collaboration	Complete the technical feasibility study and community consultation for a community solar farm at the St Ives tip site Year 1 funding 40,000	Develop a project model for the community solar farm, if feasible Year 2 funding Funding will depend on feasibility, community renewables project model and Council's role	Design and construct the community solar farm, if feasible Year 3 funding Funding will depend on feasibility, community renewables project model and Council's role	Operate the community solar farm, if feasible Year 4 funding Funding will depend on feasibility, community renewables project model and Council's role	Operate the community solar farm, if feasible Year 5 funding Funding will depend on feasibility, community renewables project model and Council's role	40,000
-	-	Deliver a neighbourhood / community battery trial project	Infrastructure / services Collaboration	Conduct a scoping and technical feasibility study and community consultation Year 1 funding 10,000	Implement the battery trial project, if feasible Year 2 funding Funding will depend on community battery trial project model and Council's role	Implement the battery trial project, if feasible Year 3 funding Funding will depend on community battery trial project model and Council's role	Implement the battery trial project, if feasible Year 4 funding Funding will depend on community battery trial project model and Council's role	Implement the battery trial project, if feasible Year 5 funding Funding will depend on community battery trial project model and Council's role	10,000
154 MW of new solar capacity installed	3,270 new solar PV systems installed (604 every year) with an average capacity of 10.95 kW 36 MW of new solar capacity installed (7.2 MW every year)	Promote and utilise the SunSpot solar tool to facilitate solar installation and business understanding of solar PV potential	Education / training / workshops	Integrate the SunSpot solar tool into Net Zero community engagement activities Year 1 funding 0	Integrate the SunSpot solar tool into Net Zero community engagement activities Year 2 funding 0	Integrate the SunSpot solar tool into Net Zero community engagement activities Year 3 funding 6,600	Integrate the SunSpot solar tool into Net Zero community engagement activities Year 4 funding 0	Integrate the SunSpot solar tool into Net Zero community engagement activities Year 5 funding 0	6,600
-	-	Deliver the Solar My Schools program	Financial incentives	Deliver program for 5 schools Year 1 funding 58,000	Deliver program for 5 schools Year 2 funding 58,000	Deliver program for 5 schools Year 3 funding 58,000	Deliver program for 5 schools Year 4 funding 58,000	Deliver program for 5 schools Year 5 funding 58,000	290,000
-	-	Deliver a rebate program to increase local renewable energy generation in the Ku-ring-gai LGA	Financial incentives	Deliver rebate program Year 1 funding 57,000	Deliver rebate program Year 2 funding 57,000	Deliver rebate program Year 3 funding 57,000	Deliver rebate program Year 4 funding 57,000	Deliver rebate program Year 5 funding 57,000	285,000
-	-	Deliver a solar for leases' trial project	Financial incentives	10kW rooftop solar installed Year 1 funding 30,000	10kW rooftop solar installed Year 2 funding 20,000	10kW rooftop solar installed Year 3 funding 0	10kW rooftop solar installed Year 4 funding 0	10kW rooftop solar installed Year 5 funding 0	50,000

ENERGY EFFICIENCY AND ELECTRIFICATION

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
-	-	Continue to develop and implement planning controls that achieve energy (and water) efficiency performance in new developments	Planning controls	Review planning controls to achieve higher energy (and water) efficiency performance in new developments, as part of Council's Development Control Plan (DCP) review Year 1 funding N/A	Implement DCP to achieve energy (and water) efficiency performance in new developments Year 2 funding N/A	Review Local Strategic Planning Statement (LSPS) and implement DCP to achieve energy (and water) efficiency performance in new developments Year 3 funding N/A	Review planning controls to achieve higher energy (and water) efficiency performance in new developments, as part of Council's Local Environment Plan (LEP) review. Implement LSPS and DCP to achieve energy (and water) efficiency performance in new developments Year 4 funding N/A	Continue review of Council's LEP. Implement LSPS and DCP to achieve energy (and water) efficiency performance in new developments Year 5 funding N/A	N/A
Annual electricity reduction of 100 GWh	Electricity use to decrease 1% year on year (ignoring both fuel switching from gas and electric vehicle uptake) (at a rate of 4.5% a year)	Work with other local government stakeholders to advocate for changes to BASIX requirements that achieve higher levels of energy (and water) efficiency performance in new developments	Collaboration Advocacy	Submissions to NSW government, as required (Northern Planners and Resilient Sydney group) Year 1 funding N/A	Submissions to NSW government, as required (Northern Planners and Resilient Sydney group) Year 2 funding N/A	Submissions to NSW government, as required (Northern Planners and Resilient Sydney group) Year 3 funding N/A	Submissions to NSW government, as required (Northern Planners and Resilient Sydney group) Year 4 funding N/A	Submissions to NSW government, as required (Northern Planners and Resilient Sydney group) Year 5 funding N/A	N/A
-	-	Deliver the Ku-ring-gai Public Domain Plan to enhance energy efficiency in Ku-ring-gai's Local Centres	Infrastructure / services	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 1 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 2 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 3 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 4 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 5 funding N/A	N/A
-	-	Deliver a rebate program to facilitate electricity and increase building energy efficiency in the Ku-ring-gai LGA	Financial incentives	Deliver rebate program Year 1 funding 72,000	Deliver rebate program Year 2 funding 72,000	Deliver rebate program Year 3 funding 72,000	Deliver rebate program Year 4 funding 72,000	Deliver rebate program Year 5 funding 72,000	360,000

SUSTAINABLE TRANSPORT

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
-	-	Implement active transport initiatives to enhance Ku-ring-gai's sustainable transport network	Infrastructure / services	Deliver community active transport initiatives, such as Ride to Work and EV bike demo days, cycling maps, and bike riding training, skills and maintenance days Year 1 funding 0	Develop one priority cycling infrastructure project. Deliver community active transport initiatives, such as Ride to Work and EV bike demo days, cycling maps, and bike riding training, skills and maintenance days Year 2 funding 400,000	Deliver one priority cycling infrastructure project. Deliver community active transport initiatives, such as Ride to Work and EV bike demo days, cycling maps, and bike riding training, skills and maintenance days Year 3 funding 400,000	Develop one priority cycling infrastructure project. Deliver community active transport initiatives, such as Ride to Work and EV bike demo days, cycling maps, and bike riding training, skills and maintenance days Year 4 funding 400,000	Deliver one priority cycling infrastructure project. Deliver community active transport initiatives, such as Ride to Work and EV bike demo days, cycling maps, and bike riding training, skills and maintenance days Year 5 funding 400,000	800,000
-	-	Deliver a rebate program to increase the number of shared electric vehicle charging stations in the Ku-ring-gai LGA	Financial incentives	Deliver rebate program Year 1 funding 12,000	Deliver rebate program Year 2 funding 12,000	Deliver rebate program Year 3 funding 12,000	Deliver rebate program Year 4 funding 12,000	Deliver rebate program Year 5 funding 12,000	60,000
Integrated network of public and fast charging electric vehicle (EV) charging stations across the Ku-ring-gai LGA	5,900 combustion engine vehicles being replaced every year by electric vehicles, starting from 2025	Deliver a public EV charger installation program and support the uptake of a fast charging network	Infrastructure / services	3 Council-owned EV charging stations installed in the Ku-ring-gai LGA, in accordance with the Electric Vehicle Charging Infrastructure Council Land Policy Year 1 funding 300,000	Additional 3-4 Council-owned EV charging stations installed in the Ku-ring-gai LGA Year 2 funding 300,000	Additional Council-owned EV charging stations installed in the Ku-ring-gai LGA, as required Year 3 funding Funding dependant on number of installations required	Additional Council-owned EV charging stations installed in the Ku-ring-gai LGA, as required Year 4 funding Funding dependant on number of installations required	Additional Council-owned EV charging stations installed in the Ku-ring-gai LGA, as required Year 5 funding Funding dependant on number of installations required	600,000
100% of public and private transport is electric (and powered by renewables) or active (walking and cycling)	100% reduction in fuel consumption due to electric vehicles replacing combustion engine vehicles by 2040	Continue to develop and implement planning controls that drive transport emission reductions, including demand reduction, cycling, car share, and low emission, electric and hybrid vehicles	Planning controls	Review planning controls to achieve transport emission reductions, as part of Council's DCP review Year 1 funding N/A	Implement DCP to achieve transport emission reductions Year 2 funding N/A	Review Local Strategic Planning Statement (LSPS) and implement DCP to achieve transport emission reductions Year 3 funding N/A	Review planning controls to achieve transport emission reductions, as part of Council's Local Environment Plan (LEP) review. Implement LSPS and DCP to achieve transport emission reductions Year 4 funding N/A	Continue review of Council's LEP. Implement LSPS and DCP to achieve transport emission reductions Year 5 funding N/A	N/A
-	-	Deliver the Ku-ring-gai Public Domain Plan to facilitate public transport integration in Ku-ring-gai's Local Centres	Infrastructure / services	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 1 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 2 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 3 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 4 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 5 funding N/A	N/A
Number of active car share vehicle spaces in the Ku-ring-gai LGA	-	Develop a Car Share Policy and facilitate the installation of car share vehicle spaces	Collaboration	Develop and adopt a Car Share Policy Year 1 funding N/A	Engage with car share providers to identify appropriate locations for car share vehicles and enter into agreements Year 2 funding N/A	Collaborate with car share providers to facilitate installation of car share spaces in identified locations in the Lindfield, Gordon, Turramurra and St Ives local centres Year 3 funding N/A	Collaborate with car share providers to facilitate installation of car share spaces in identified locations in Pymble, Roseville and Killara Year 4 funding N/A	Collaborate with car share providers to facilitate installation of car share spaces in identified locations in Warrawee, Wahroonga, Pymble-Belconnen Park and the vicinity of the SAN hospital Year 5 funding N/A	N/A
-	-	Proactively respond to and engage in advocacy with the State and/or Commonwealth governments regarding policies, programs, regulations and incentives that will support the implementation of EV infrastructure, the purchase of EVs, and offer support for other sustainable transport measures and technologies	Advocacy	Submissions to NSW and federal governments, as required Year 1 funding N/A	Submissions to NSW and federal governments, as required Year 2 funding N/A	Submissions to NSW and federal governments, as required Year 3 funding N/A	Submissions to NSW and federal governments, as required Year 4 funding N/A	Submissions to NSW and federal governments, as required Year 5 funding N/A	N/A

CARBON SEQUESTRATION AND LAND REHABILITATION

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
Urban canopy cover in the Ku-ring-gai LGA increases from 45% to 50%	Increasing trend in canopy cover in Ku-ring-gai LGA	Implement the Urban Forest Strategy, detailing how Council manages and improves our urban forest for current and future generations	Infrastructure / services Collaboration	Implement priority actions from Urban Forest Strategy Year 1 funding 53,000	Implement priority actions from Urban Forest Strategy Year 2 funding 53,000	Implement priority actions from Urban Forest Strategy Year 3 funding 0	Implement priority actions from Urban Forest Strategy Year 4 funding 57,000	Implement priority actions from Urban Forest Strategy Year 5 funding 57,000	220,000
-	-	Deliver the Ku-ring-gai Public Domain Plan to increase tree canopy in Ku-ring-gai's Local Centres	Infrastructure / services	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 1 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 2 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 3 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 4 funding N/A	Deliver Public Domain Plans for the Turramurra, Gordon, Lindfield, St Ives, Pymble and Roseville Local Centres Year 5 funding N/A	N/A
Long term targets in Water Sensitive Cities Strategy are met	-	Implement the Water Sensitive City Strategy, responding to the issues of water conservation and security, flooding, degradation of urban waterways, ecological health and rising temperatures, in a way that enhances the liveability of Ku-ring-gai	Infrastructure / services Collaboration	Implement priority actions from Water Sensitive Cities Strategy Year 1 funding 358,200	Implement priority actions from Water Sensitive Cities Strategy Year 2 funding 490,000	Implement priority actions from Water Sensitive Cities Strategy Year 3 funding 393,500	Implement priority actions from Water Sensitive Cities Strategy Year 4 funding 484,000	Review Water Sensitive Cities Strategy and implement priority actions Year 5 funding 349,500	2,075,200
20% increase in the area of land being, or that has been, restored by bush regeneration programs	Council and environmental volunteering bush regeneration programs are delivered	Deliver Council and environmental volunteering bush regeneration programs	Infrastructure / services Collaboration	Deliver Council and environmental volunteering bush regeneration programs Year 1 funding 37,000	Deliver Council and environmental volunteering bush regeneration programs Year 2 funding 36,000	Deliver Council and environmental volunteering bush regeneration programs Year 3 funding 36,000	Deliver Council and environmental volunteering bush regeneration programs Year 4 funding 36,000	Deliver Council and environmental volunteering bush regeneration programs Year 5 funding 36,000	181,000

WASTE MANAGEMENT

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
-	-	Deliver a 'Get FOGO ready' education program and continue to monitor industry and community readiness for the introduction of a FOGO collection service in Ku-ring-gai	Education / training / workshops	N/A Year 1 funding N/A	Develop and deliver education program and member industry and community readiness Year 2 funding N/A	Deliver education program and monitor industry and community readiness Year 3 funding N/A	Deliver education program and monitor industry and community readiness Year 4 funding N/A	Deliver education program and monitor industry and community readiness Year 5 funding N/A	N/A
-	-	Deliver community organics recycling initiatives to increase organics recycling in the Ku-ring-gai LGA	Infrastructure / services	Deliver community organics recycling initiatives Year 1 funding 5,000	Deliver community organics recycling initiatives Year 2 funding 5,000	Deliver community organics recycling initiatives Year 3 funding 5,000	Deliver community organics recycling initiatives Year 4 funding 5,000	Deliver community organics recycling initiatives Year 5 funding 5,000	25,000
-	-	Deliver a rebate program to increase organics recycling in the Ku-ring-gai LGA	Financial incentives	Deliver rebate program Year 1 funding 20,000	Deliver rebate program Year 2 funding 20,000	Deliver rebate program Year 3 funding 20,000	Deliver rebate program Year 4 funding 20,000	Deliver rebate program Year 5 funding 20,000	100,000
-	-	Deliver recycling initiatives for 'hard to recycle' items to increase recycling of these items in the Ku-ring-gai LGA	Infrastructure / services	Deliver recycling initiatives for 'hard to recycle' items Year 1 funding 5,000	Deliver recycling initiatives for 'hard to recycle' items Year 2 funding 5,000	Deliver recycling initiatives for 'hard to recycle' items Year 3 funding 5,000	Deliver recycling initiatives for 'hard to recycle' items Year 4 funding 5,000	Deliver recycling initiatives for 'hard to recycle' items Year 5 funding 5,000	25,000

ENGAGEMENT AND COMMUNICATION

2040 goals	5 year targets	Action	Council's role	Year 1 milestone	Year 2 milestone	Year 3 milestone	Year 4 milestone	Year 5 milestone	TOTAL FUNDING
-	-	Develop / update a net zero tool / online platform to increase the community and businesses' understanding of net zero and to drive action to reduce their carbon footprint	Education / training / workshops	Identify and/or develop a footprinting tool / online platform and promote to the community Year 1 funding 150,000	Promote the footprinting tool / online platform to facilitate community uptake Year 2 funding 10,000	Promote the footprinting tool / online platform to facilitate community uptake Year 3 funding 10,000	Conduct a review of the footprinting tool / online platform for program relevance and revise the tool, as necessary Year 4 funding 10,000	Promote the footprinting tool / online platform to facilitate community uptake Year 5 funding 10,000	190,000
-	-	Deliver a net zero resident program to support the uptake of (i) renewable energy, (ii) electrification and energy efficiency, (iii) sustainable transport, and (iv) waste management initiatives to reduce emissions	Education / training / workshops	Deliver resident engagement program (including online information resources, events and workshops, and financial incentives) Year 1 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver resident engagement program (including online information resources, events and workshops, and financial incentives) Year 2 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver resident engagement program (including online information resources, events and workshops, and financial incentives) Year 3 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver resident engagement program (including online information resources, events and workshops, and financial incentives) Year 4 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver resident engagement program (including online information resources, events and workshops, and financial incentives) Year 5 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	16,675
-	-	Deliver a net zero schools program to support the uptake of (i) renewable energy, (ii) electrification and energy efficiency, (iii) sustainable transport, and (iv) waste management initiatives to reduce emissions	Education / training / workshops	Deliver school engagement program (including online information resources, events and workshops, and financial incentives) Year 1 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver school engagement program (including online information resources, events and workshops, and financial incentives) Year 2 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver school engagement program (including online information resources, events and workshops, and financial incentives) Year 3 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver school engagement program (including online information resources, events and workshops, and financial incentives) Year 4 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver school engagement program (including online information resources, events and workshops, and financial incentives) Year 5 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	16,675
-	-	Deliver a net zero strata program to support the uptake of (i) renewable energy, (ii) electrification and energy efficiency, (iii) sustainable transport, and (iv) waste management initiatives to reduce emissions	Education / training / workshops	Deliver strata engagement program (including online information resources, events and workshops, and financial incentives) Year 1 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver strata engagement program (including online information resources, events and workshops, and financial incentives) Year 2 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver strata engagement program (including online information resources, events and workshops, and financial incentives) Year 3 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver strata engagement program (including online information resources, events and workshops, and financial incentives) Year 4 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	Deliver strata engagement program (including online information resources, events and workshops, and financial incentives) Year 5 funding 3,335 (for events and workshops - funding for other elements of these programs are included elsewhere in this management action table)	16,675
-	-	Deliver a net zero business program to support the uptake of (i) renewable energy, (ii) electrification and energy efficiency, (iii) sustainable transport, and (iv) waste management initiatives to reduce emissions	Education / training / workshops	Deliver business engagement program (including online information resources, events and workshops, and financial incentives) Year 1 funding 122,640	Deliver business engagement program (including online information resources, events and workshops, and financial incentives) Year 2 funding 150,000	Deliver business engagement program (including online information resources, events and workshops, and financial incentives) Year 3 funding 155,000	Deliver business engagement program (including online information resources, events and workshops, and financial incentives) Year 4 funding 160,000	Deliver business engagement program (including online information resources, events and workshops, and financial incentives) Year 5 funding 165,000	752,640
-	-	Assess the potential for community renewable generation, sourcing and sharing opportunities (including Virtual Power Plants, peer-to-peer energy trading, microgrids, and community battery and storage)	Strategy Collaboration	Complete Renewables for Sydney (Cross Council) study, assessing how renewable energy can be accessed through the retail electricity market (for residents and businesses) Year 1 funding N/A	Support / facilitate community uptake of feasible opportunities from Renewables for Sydney study Year 2 funding N/A	Support / facilitate community uptake of feasible opportunities from Renewables for Sydney study Year 3 funding N/A	Support / facilitate community uptake of feasible opportunities from Renewables for Sydney study Year 4 funding N/A	Support / facilitate community uptake of feasible opportunities from Renewables for Sydney study Year 5 funding N/A	N/A
-	-	Activate the Net Zero Communities Strategy through targeted and unique engagement channels, to educate the community on what it means to be net zero and what actions the community can take to transition to net zero	Education / training / workshops	Deliver net zero activation program Year 1 funding 10,000	Deliver net zero activation program Year 2 funding 10,000	Deliver net zero activation program Year 3 funding 10,000	Deliver net zero activation program Year 4 funding 10,000	Deliver net zero activation program Year 5 funding 10,000	50,000
-	-	Facilitate a net zero champions group to support community action to reduce emissions	Collaborate	Facilitate net zero champions group Year 1 funding N/A	Facilitate net zero champions group Year 2 funding N/A	Facilitate net zero champions group Year 3 funding N/A	Facilitate net zero champions group Year 4 funding N/A	Facilitate net zero champions group Year 5 funding N/A	N/A
-	-	Deliver a net zero grants program for innovative and impactful solutions to reduce emissions in the Ku-ring-gai community	Financial incentives	Design grants program Year 1 funding 50,000	Deliver grants program Year 2 funding 50,000	Deliver grants program Year 3 funding 50,000	Deliver grants program Year 4 funding 50,000	Deliver grants program Year 5 funding 50,000	250,000
-	-	Participate in and / or facilitate partnerships, networks and alliances active towards net zero emissions, as they arise	Collaborate	Participate in Resilient Sydney, Northern Sydney Region of Councils (NSROC), Southern Sydney Region of Councils (SSROC), Cities Power Partnership (CPP) and Race to Zero initiatives, and other partnership / networks, as they arise Year 1 funding 20,000	Participate in Resilient Sydney, Northern Sydney Region of Councils (NSROC), Southern Sydney Region of Councils (SSROC), Cities Power Partnership (CPP) and Race to Zero initiatives, and other partnership / networks, as they arise Year 2 funding 20,000	Participate in Resilient Sydney, Northern Sydney Region of Councils (NSROC), Southern Sydney Region of Councils (SSROC), Cities Power Partnership (CPP) and Race to Zero initiatives, and other partnership / networks, as they arise Year 3 funding 20,000	Participate in Resilient Sydney, Northern Sydney Region of Councils (NSROC), Southern Sydney Region of Councils (SSROC), Cities Power Partnership (CPP) and Race to Zero initiatives, and other partnership / networks, as they arise Year 4 funding 20,000	Participate in Resilient Sydney, Northern Sydney Region of Councils (NSROC), Southern Sydney Region of Councils (SSROC), Cities Power Partnership (CPP) and Race to Zero initiatives, and other partnership / networks, as they arise Year 5 funding 20,000	100,000
				Total year 1 funding	Total year 2 funding	Total year 3 funding	Total year 4 funding	Total year 5 funding	TOTAL FUNDING
				1,425,845	1,788,005	920,105	1,466,005	936,505	6,536,465
