## 14. Specifications

### Engage in a Trade or Business on Community Land

This guide provides you with information to enable you to identify the plans and supporting documentation you will need to provide.

**Council will not accept your application if you fail to provide all relevant documentation.**

### General requirements

#### Application form

The application form requires you to answer specific questions and provides you with prompts to provide other information that is required for the assessment of the application. All questions must be answered and other information requested must be submitted.

#### Standards of Documents

The plans and documents must be accurate and legible. Any misleading details may result in the refusal of the application.

#### The Plans shall:

- have dimensions in metric
- be to a scale of 1:100 or other readily legible scale
- show the subject site, all other Council park furniture, planters, signs, power poles, lighting and trees/shrubs and the area proposed for the activity
- show the dimensions of the area proposed to be used and the dimension for unobstructed pedestrian access
- show all public utilities that may be located within the proposed area of use
- indicate location and direction of focus of any lighting associated with the activity.

#### Supporting material and documentation

- The Public Liability Insurance policy to be provided shall cover the outdoor dining use and include Ku-ring-gai Council on the policy so that Council is indemnified for claims arising from the use of the outdoor dining facility
- Submit photographs of any pre-existing damage to footways in the proposed area of use
- Provide details of how the proposed use is in the public interest
- Provide details as to the slope and surface conditions of the area proposed to be used and how the area is appropriate for the intended use
- Provide details of the proposed method of covering any waste and materials to prevent materials from being blown out so the environment is protected from litter
- Show how the placement of the materials will not impact on the view of traffic and advisory signs.
