- 14F.2 Public Domain and Pedestrian Access
- 14F.3 Proposed Community Infrastructure
- 14F.4 Setbacks
- 14F.5 Built Form
- 14F.6 Building Entries, Car Parking and Service Access
- 14F.7 Heritage
- 14F.8 Precinct R1: Hill Street Shops
- 14F.9 Precinct R2: Pacific Highway Shops
- 14F.10 Precinct R3: Pacific Highway to Roseville Station

14F.1 ROSEVILLE LOCAL CENTRE CONTEXT

Further controls that may apply		
SECTION A Part 7 - Residential Flat Buildings PART 8 - Mixed Use Development	SECTION B Part 20 - Heritage items and Heritage Conservation Areas	

Objectives

- 1 To create distinct commercial precincts that provide a range of services, facilities and experiences.
- 2 To create vibrant local centres with distinctive and memorable characters.
- 3 To improve the vitality of the precincts by encouraging a mix of uses and activities as well as housing.
- 4 To retain and enhance the distinctive scale and character of Hill Street.
- 5 To support and enhance the lifestyle and evening entertainment precinct along the Pacific Highway.
- 6 To establish a small mixed use precinct incorporating a new urban square at the western rail station entry.
- 7 To create a new "Village Green" on Lord Street behind the Hill Street shops.
- 8 To encourage restaurants, cafes, outdoor dining and offices fronting onto rear lanes to contribute to increased activity and passive surveillance.
- 9 To provide opportunities for new supermarkets to support and anchor the local centre.
- 10 To promote ease of circulation and connectivity between the railway station and the local centre.

Controls

- 1 All development within the Roseville local centre, as outlined in Figure 14F.1-1, is to be designed to support and enhance the planned future character of the centre. This is to be done through the general requirements and Precinct specific requirements as stipulated in this DCP.

Note: Refer to Ku-ring-gai's Public Domain Plan 2010, Open Space Acquisition Strategy 2007 and the Ku-ring-gai Contributions Plan 2010 on Councils website: <http://www.kmc.nsw.gov.au/Home>.

Figure 14F.1-1: Urban precinct plan

Legend
 Core Urban Precinct (B2 and B4 zones)

14F.2 PUBLIC DOMAIN AND PEDESTRIAN ACCESS

Objectives

- 1 To increase the pedestrian permeability of the local centre.
- 2 To improve pedestrian amenity by providing continuous sun and rain protection to footpath areas.
- 3 To provide a consistently high quality and visually pleasing streetscape environment.
- 4 To improve and enhance accessibility to the commercial precinct particularly for pedestrians, pram walkers, people with disabilities, cyclists and public transport users.
- 5 To improve commercial activity in the local centre by promoting street-level activity.
- 6 To facilitate opportunities for outdoor dining in quiet locations away from the highway.
- 7 To improve vehicle access and circulation around the centre through the creation and improvement of new rear lanes.
- 8 To improve safety and passive surveillance of the public domain by encouraging street-level activity.
- 9 To improve the overall pedestrian experience in the local centre, there by promoting active living.
- 10 To promote mid-block and through-site links as a way of improving permeability of the local centre.

Controls

- 1 All development within the Roseville local centre, as outlined in Figure 14F.2-1, is to be designed to support and enhance the planned future character of the centre. This is to be done through the Public Domain and Pedestrian Access requirements for each Precinct as stipulated in this DCP.

Figure 14F.2-1:
Public domain and pedestrian controls plan.

Legend

-  - Pedestrian through site link
-  - Awnings
-  - Awnings where possible

14F.3 PROPOSED COMMUNITY INFRASTRUCTURE

Objectives

- 1 To be consistent with the objectives and strategies of Council's Town Centre Public Domain Plan 2010.
- 2 To implement the work programs within the Ku-ring-gai Contributions Plan 2010.
- 3 To identify locations for new local parks in accordance with the requirements of Council's Open Space Acquisition Strategy 2007.
- 4 To enhance service and infrastructure provisions for existing and planned residential communities.

Controls

Proposed Community Infrastructure

- 1 All development within the Roseville local centre is to be designed to support the planned future character of the centre through the provision of Key Community Infrastructure as stated in the *Ku-ring-gai Contributions Plan 2010* and outlined in *Figure 14F.3-1*. This is to be done through the Proposed Community Infrastructure requirements for each Precinct as stipulated in this DCP.

Figure 14F.3-1:
Key community infrastructure plan.

Legend

-  - Footpath embellishment
-  - New or existing park to be upgraded
-  - New/realigned road
-  - Proposed Community Infrastructure

14F.3 PROPOSED COMMUNITY INFRASTRUCTURE (continued)

Objectives

Controls

- 2 The following development is to be designed to support and compliment the provision of Key Community Infrastructure through the *Ku-ring-gai Contributions Plan 2010*, Voluntary Planning Agreement (VPA) or other mechanism (refer to individual precincts 14F.8 to 14F.10):
 - 1 Reconstruction of Roseville Lane from Roseville Avenue through to Lord Street (6 metre wide carriage way with 2 metre wide footpaths on both sides). Land to be dedicated to Council as part of site redevelopment.
 - 2 Extension and widening of Bancroft Lane from Bancroft Avenue to Lord Street (6 metre wide carriage way with 2 metre wide footpaths on both sides). Land to be dedicated to Council as part of site redevelopment.
 - 3 New village green with playground facilities on the Lord Street Council car park site (car parking to be relocated to basement parking on-site).
 - 4 Embellishment of existing Railway Gardens on Hill Street to urban park standard.
 - 5 Embellishment existing Hill Street median garden (opposite Bancroft Avenue) to urban park standard.
 - 6 Embellishment of the public domain areas and footpaths on the Pacific Highway and Hill Street including underground power lines, new lighting, high quality paving and furniture.
 - 7 Upgrade of existing pedestrian lane ways including Sixth Mile Lane and the Rifleway.
 - 8 Embellishment of Roseville Memorial Park to urban park standard.
 - 9 Improvements to western rail station entry off Pacific Highway to create new urban square including new paving, street trees and street furniture.
 - 10 Embellishment of existing "railway gardens" on the Pacific Highway to urban park standard (Council to negotiate with Rail Corp to gain public access to part or all of the Railway Gardens).

14F.4 SETBACKS

Objectives

- 1 To create cohesive streetscapes.
- 2 To require building setbacks in appropriate locations to provide opportunities for street tree plantings or footpath widening.
- 3 To require building setbacks in appropriate locations to allow widening of roads, lanes and streets.
- 4 To allow for visual and acoustic privacy between the centres and adjoining residential zones.

Controls

Setbacks

- 1 All development within the Roseville local centre, as outlined in Figure 14F.4-1, is to be designed to support and enhance the planned future character of the centre. This is to be done through the Setback requirements for each Precinct as stipulated in this DCP.

Note: In all cases, where land dedication is required for a public purpose, such as a road or walkway, the affected land is to be excluded from deep soil calculations and included in setback requirements.

- 2 All properties within the R4 zone are to have standard setbacks with the following exceptions:
 - i) Properties nos.5-21 Larkin Street are to provide a 4 metre rear setback to Larkin Lane.
 - ii) Properties 3, 5 and 7 Roseville Avenue are to provide a 6 metre setback to Roseville Avenue.
 - iii) Properties 1 and 3 Hill Street are to provide a 6 metre setback to Hill Street.

Figure 14F.4-1:
Setbacks plan.

Legend

— 10m	- 10m setback	— varies	- variable setback
— 6m	- 6m setback		- Land dedication
— 4m	- 4m setback		

Objectives

- 1 To maintain a consistent street wall height with reference to existing buildings along the Pacific Highway.
- 2 To encourage new infill development along the Pacific Highway which respects the existing characteristics of the street including the fine-grained character of the original subdivision, setback, height, and rhythm of facades, and is sympathetic to the materials and detailing of the earlier facades.
- 3 To ensure building facades are well designed, articulated and address public streets, public spaces, footpaths, parks and reserves.
- 4 To provide active frontage to all streets, lanes and public open spaces.
- 5 To minimise the visual bulk and scale of new buildings when viewed from public areas.
- 6 To enhance the quality and character of the public domain in the commercial precincts.
- 7 To promote development that responds to the pedestrian scale of the street.
- 8 To ensure that buildings are designed to interact and engage with pedestrians at the street level.
- 9 To encourage design excellence in all new development.

14F.5 BUILT FORM

Controls

- 1 All development within the Roseville local centre, as outlined in Figure 14F.5-1, is to be designed to support and enhance the planned future character of the centre. This is to be done through the Built Form requirements for each Precinct as stipulated in this DCP.

Figure 14F.5-1:
Built form controls plan

Legend

- Principal active frontage
- Supporting active frontage
- 3 storey street wall
- 2m upper level setback above street wall height

14F.6 BUILDING ENTRIES, CAR PARKING AND SERVICE ACCESS

Objectives

- 1 To locate building foyers and lobbies in areas of high pedestrian activity.
- 2 To activate the main commercial streets.
- 3 To minimise pedestrian and vehicle conflicts.
- 4 To improve vehicle access and circulation and enhance associated services and infrastructure.
- 5 To ensure vehicular access points do not visually detract from the streetscape.
- 6 To promote pedestrian safety and ease of movement through the local centre.

Controls

- 1 All development within the Roseville local centre, as outlined in Figure 14F.6-1, is to be designed to support and enhance the planned future character of the centre. This is to be done through the Building Entries, Car Parking and Service Access requirements for each Precinct as stipulated in this DCP.
- 2 To ensure viability of redevelopment of sites in precincts R1, R2 and R3 the retail and residential parking requirements may be reduced by up to 100%. The applicant will be required to provide a report assessing the potential impacts on public parking around the centre in order for a parking reduction to be considered. Report to be consistent Council's *Town Centre Parking Management Plan*.

Figure 14F.6-1:
Building entries, car parking and service access plan.

Legend

-  - Vehicular access to site
-  - Pedestrian access to site

14F.7 HERITAGE

Objectives

- 1 To retain the character of Hill Street streetscape along with some of the more significant Federation and early Inter-War commercial buildings.
- 2 To ensure future in-fill development respects the 'fine grain' urban fabric of Hill Street.
- 3 To encourage retention of elements of existing character buildings within the Hill Street streetscape.
- 4 To conserve heritage items and ensure new buildings respond to the scale, design, and character of adjoining heritage buildings.
- 5 To ensure infill buildings are designed to respect the 'fine grain' urban fabric of the street.
- 6 To ensure that new development responds appropriately to the quality and context of any adjoining and neighbouring listing heritage items.
- 7 To allow for and encourage the adaptive re-use of Heritage items in the local centre.

Controls

- 1 All development within the Roseville local centre, as outlined in Figure 14F.7-1, is to be designed to support and enhance the planned future character of the centre. This is to be done through the Heritage requirements for each Precinct as stipulated in this DCP.

Planned Future Character

R1

Legend

- Precinct R1

Figure 14F.8-1:
Precinct R1

Hill Street is a small retail area on the eastern side of Roseville. The shops have a strong traditional main street character with consistent scale and rhythm of buildings. The shops have largely retained their role as a local service centre providing for the day to day needs of residents as well as some leisure related shops such as cafes.

- 1 Development is to be designed to support and enhance the planned future character for the precinct as follows:
 - i) The character of this precinct will be preserved and enhanced. Small scale infill development or sympathetic adaptive re-use of existing character buildings will be encouraged.
 - ii) New low scale residential or commercial development may be located at the rear of the sites facing Roseville and Bancroft Lanes. It is also proposed to realign and extend the existing rear lanes to improve permeability, visibility, and safety of the area.
 - iii) A new village green is proposed on the existing Lord Street car park at the rear of the Hill Street shops.

PART 14F.5
Built Form

Controls

Built Form

- 8 Buildings are to be designed in accordance with this Development Control Plan, *Figure 14F.8-5*, and as follows:
- i) Create a consistent 3 storey (11.5 metres) street wall that is built parallel to the street alignment of Hill Street and Lord Street.
 - ii) Provide active street frontages to Hill Street and Lord Street.
 - iii) Provide active street frontages along Roseville Lane, Roseville Avenue, Bancroft Lane and Bancroft Avenue.
 - iv) Retain the façades of the following character buildings fronting Hill Street - Nos.17, 19-23, 25, 27-29, 31-35 Hill Street; and Nos.37-41, 43, 45-47, 49-53, 55, 61, 63, 63A Hill Street.
 - v) Design infill buildings along Hill Street to be sympathetic in materials, form, scale, massing, articulation, alignments, and proportions to the existing buildings (but do not replicate character).
 - vi) Locate residential components of the buildings at the rear of the shops addressing the lanes.

Planned Future Character

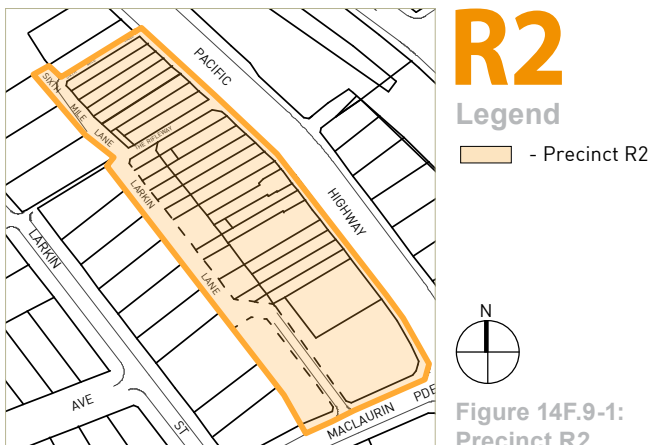

Figure 14F.9-1:
Precinct R2

This precinct incorporates the traditional strip retail fronting the Pacific Highway and a Council car park on Larkin Lane. The shops have largely lost their role as local shops and the area has become established as an entertainment precinct with cafes, restaurants, and antique shops. Roseville cinema and the RSL club provide an anchor role for this precinct attracting people from across northern Sydney and beyond.

- 1 Development is to be designed to support and enhance the planned future character for the precinct, as following:
 - i) This precinct has potential to continue to grow and develop as a boutique entertainment precinct which offers an alternative to what is currently available in larger centres such as Chatswood.
 - ii) The character of this precinct will be preserved and enhanced. Small scale infill development or sympathetic adaptive re-use of existing character buildings will be encouraged.
 - iii) New low scale residential or commercial development may be located at the rear of the sites facing Larkin Lane.

14F.10 PRECINCT R3: PACIFIC HIGHWAY TO ROSEVILLE STATION

Controls

Planned Future Character

This precinct includes a pedestrian walkway from the Pacific Highway to the Roseville rail station. This area contains the former Commonwealth Bank building at No.83 Pacific Highway which is a listed heritage item and is significant because it represents a good example of the Art Deco style. The precinct also features the railway gardens and the listed former station master's residence at 89 Pacific Highway.

- 1 Development is to be designed to support and enhance the planned future character for the precinct and as follows:
 - i) This area will become a small mixed use precinct incorporating a new urban square at the western rail station entry. This precinct will provide a "bridge" between the two main commercial precincts.

PART 14F.7
Heritage

Controls

Heritage

In relation to No.83 Pacific Highway, Roseville - (the former Commonwealth Bank Building):

- 8 Conserve all details and the form of external elevations including: the banking chamber that is adjoined by curved corners; the western elevation; the awning and pressed metal soffit; the intact shop fronts; and detailing to building foyers.
- 9 Prior to removal or alteration assess the significance of remnant internal fabric relating to banking operations such as the banking counter, furniture, the safe, and internal detailing.
- 10 Restoration works to be considered and undertaken to the northern and western elevations.
- 11 Major additions must include conservation works.
- 12 No additions to occur over the northern banking portion.
- 13 Additions may occur to the southern portion providing upper level additions are set back 5 metres from the parapet and must not detract from the prominence of the building in the streetscape.
- 14 Alterations and additions may occur behind the facade of the southern retail portion of the building.
- 15 Heritage items are not required to include awnings where it is detrimental to their heritage significance.
