

KOOLA PARK STAGE 5 CARPARK AND RAINGARDEN

KOOLA PARK STAGE 5 LOCATION PLAN

KOOLA PARK STAGE 5 PROPOSED PLAN

A major upgrade of facilities at Koola Park in Koola Avenue, East Killara, has been staged over the past nine years to maximise availability of the sports facility. The Koola Park Landscape Masterplan was first adopted by Council in 2011. The majority of works are now completed.

Council is now completing Stage 5 of the proposed works. This includes an upgrade to the rear car park with works to include:

- Asphalt and line marking to rear car park and accessway
- Associated landscaping works
- WSUD (Water Sensitive Urban Design) for car park run-off
