The Resident
Eton Road
LINDFIELD NSW 2070

Dear Resident

Eton Road, Lindfield - Proposed temporary speed cushions

Council is seeking your input on a proposal to install temporary speed cushions on Eton Road, as shown on the **attached** Plan *Eton/TDA/48/25*.

Background

Council has received multiple requests to replace the existing pedestrian refuge on Eton Road at Winchester Avenue with a raised wombat crossing. In 2024 Council approved the construction of a wombat crossing at this location, subject to available funding.

Council is seeking funding from Transport for NSW under its Get NSW Active Program to construct the wombat crossing. However, there have been several requests for more immediate action to be taken to provide greater pedestrian protection, until funding can be found for the wombat crossing.

Proposed changes

A row of 3 speed cushions is proposed on Eton Road to the north of Winchester Avenue. The speed cushions will slow southbound traffic on approach to the pedestrian refuge, making it safer for pedestrians to cross.

It is proposed that the speed cushions be installed on a temporary basis. If funding can be found to construct the wombat crossing, then the speed cushions would be removed following its construction.

Submit your feedback

Before submitting this proposal to the Ku-ring-gai Traffic Committee, we want to hear from impacted residents. Your feedback will guide our decision-making process.

How to respond:

1. Take our brief survey using the QR code provided.
2. Or, send written comments to the address above.

Deadline: Please submit your feedback by Friday 20 June 2025.

If you have any questions, please feel free to contact me directly.

Yours faithfully

Michael Foskett
Team Leader Traffic
